

## GoDaddy Domain Sale

Saturday, 22 August 2009

Do you know that GoDaddy is one of the largest domain name registrar on the planet? In fact, I believe that the company also offers one of the cheapest domain name registration fees on the internet.

For those who are thinking of registering domains, I believe that GoDaddy's \$7.49 offer per domain name is unbeatable! And furthermore, there are even bulk domain name registration pricing schemes. Do take note that every domain name registrations entitle you for GoDaddy's webmail services as well &ndash; which is entirely FREE!
