

## CEO Jeff Zucker Leaving NBC

Monday, 27 September 2010

Comcast is on track in acquiring NBC, whereby the merger would mean that Comcast would definitely expand their media empire. Nevertheless, it also seems that NBC's current CEO Jeff Zucker would be leaving the company, as clearly, he mentioned that Comcast should be given an opportunity to implement their own vision and direction for NBC.

On the other hand, CEO Jeff Zucker also mentioned that he won't be leaving the company anytime soon, but he will most probably be leaving within 6 months time. And according to the New York Times, it seems that Jeff Zucker's departure might not be his call, which is also a clear indication that Comcast would like to assume total control over their newly acquired treasure &ndash; what do you think?
