

## Corset

Tuesday, 16 November 2010

I'm searching for ways to re-ignite the flame with my long-time girlfriend, and a good friend of mine told me that I should try cosplay instead. To tell you the truth, I find it to be rather embarrassing to visit the nearest sexy costume shop to purchase these clothes, thus I have opted to purchase sexy costumes via the internet instead. Generally, [www.intimatewholesalers.com](http://www.intimatewholesalers.com) sells a wide variety of sexy costumes and lingerie, such as corset, babydolls, hosiery, mini dresses, school girl costumes, robes, body stockings, Valentine's lingerie, and many more. Also, it's really easy to shop for lingerie, as they have taken the initiative to systematically list all the available products for sale on their web catalog. Do take note that you can save \$5 off \$50 when you use this coupon code 'fivebucks' during your checkout.
