

Smashing

Sunday, 24 December 2006

This is a classic game. I think they renamed it 'Smashing'. Anyway was playing this game for ages! Some how I don't think this can beat the old 4 colour CGA Dos game. Anyway, use your mouse to move left or right to steer your platform. Click on the mouse once to release the ball. Just don't let the ball fall down and you will win the game. Numerous power-ups available. I like the one where you can shoot.
