

## Bloomin' Gardens

Monday, 25 December 2006

Time for some Gardening! Yippe! Put on your gloves and bring that spade. Time to get some dirt on your face. Arrange the flowers in a row of 5. Use your spade to replant the flowers in a different location. Caution! If you block the passage of the flower, you can't replant it there! Now who said gardening isn't FUN?!
