
I Kicked John Chows Ass

This is a good one – I kicked John Chow’s ass for 114,124 meters in total! Yeah he was asking for it. I did give him a good kick and he flew miles ahead with various pain looking expressions…

Don’t know about you, but all I have to say about John Chow is that I want his online income! Do you know that getting a cool \$3,000 a month is equal to a five figure income in my country? I can live like a king, buy a beemer, live in a big house, go for holidays and raise an army of family! – 5 kids, 3 dogs, 1 wife and *ahem* hanky panky?

Anyone wants to kick John Chow’s ass?

Cheers!
