PayCycle Online Payroll Services: Free 30 Days Trial + 10% OFF their services!

Yeap! As stated on the title of this post, certain keywords in your article does affects the types of advertisements being advertise in your Adsense corner. Different advertisements contributes different amount of money per click. If you noticed your Adsense earnings tend to fluctuates. Sometimes I get \$0.12 per click and at times I would get \$0.30 per click. The highest I got was \$1.01. Some claimed that they even get up to \$60 per click! How true? This is something that you definitely should try it out!

Before you look at the top paying keywords, here's a picture of my Adsense with a \$1.01 earnings from create-cash.blogspot.com.
