

Cube Buster

Tuesday, 09 January 2007

Cube Buster! It's another Crashdown 'like' game. Just click on a group of block, 3 or more, with the same colour to remove them from the game. The faster you remove the quicker you will win the game. Remember to click on the 'Level Up' box to proceed to the next level. The sound produced by the game ALSO sounds funny/weird. Round 2 of block destruction!

Difficulty: Easy

Rating (1 to 10): 5.5

Level of Addiction (1 to 10): 5
